Upland's future challenge; rural to urban

JENNY KIRKPATRICK

(Editor's Note: This is the beginning of a series on Upland's growth which will explore in depth over the coming months, "The Changing Face of Upland." Some of the material used in this story was supplied by Esther Boulton Black, through her books, "Stories Of Old Upland.")

Upland is not unique in the many problems it faces today. The once agricultural economy that supported a small rural population has in a short span of time changed into a commercial-industrial economy with a fast growing population.

Like adolescence, the city faces a painful change. Perhaps what makes it so painful is the

change from the familiar to the unknown. The small town flavor is being stirred into a melting pot society. The change is most painful for those who have lived here the longest. It is much like watching a child grow up from a familiar baby to a gangly teenager who sometimes moves too fast for comfort. He will still retain his personality, only his looks will change.

One of the things going for Upland in the change is its people. Not only the ones you hear about, but the quiet, dedicated people who on a day to day basis lead lives of quality and rise above politics and petty differences. These people are found all over the city in all walks of life. They are the essence of the changing face of Upland.

Model colony

Turning the pages back in history to Upland's founding, the community was born of a dream; a dream by George Chaffey who sought to build a model colony. He arrived in Upland shortly after the Indians had departed and looked across the valley where he envisioned an agricultural community that would be compatible with the terrain and climate.

To the west of him was San Antonio canyon, and to the east, Cucamonga canyon. The water from these canyons would benefit agriculture and turn the valley into a garden spot.

Chaffey wanted beauty to be a part of the colony and he drew up the plans for a double street with trees, which he called Euclid Avenue, after the father of geometry.

In his mind's eye, he foresaw a college that could train students to use the land wisely. He also wanted to be fair and set the water rights up so that everyone could obtain water. He designated the lot sizes as ten acres. The land cost him \$60,000 for 6,260 acres. A map was drawn by George and his brother, W. B. Chaffey. They set aside 20 acres for the college, the year was 1883. Part of the land was in Ontario, but later Upland broke away and established its own town.

The trees that were planted along Euclid Avenue brought a unique beauty that has endured through the years, and set the tone of beautification in the city.

Chaffey leaves

George Chaffey left to go to Australia before his model colony could grow to any size. He sold the land, as he was anxious to go on to a new venture and in haste took a loss in money. The land was bought by a company called the Ontario Land Improvement Co., who later developed the land.

The backdrop to Upland is a range of mountains which geologically is on an alluvial cone with San Antonio canyon to the west, Cucamonga canyon to the east, a freeway to the south defines the borders.

We're small, only 13.9 square miles. The elevation is 2,000 feet at the foothills and 1,000 feet at the lower city limits. The topography that was a joy to agriculture is sometimes a headache to the modern day city and motorist. Upland was once honored as a model irrigation colony. This was in 1904 at the St. Louis World's Fair. We were honored also by having the Daughters of the American Revolution place its eleventh and last statue honoring pioneers at the corner of Euclid Avenue and Foothill Boulevard.

Residential development limited

The early years saw a concentration on agriculture and commerce and industry limited

The changing faces. . .

to aiding this economy. Residential development was limited. The later days have seen a more diverse development with residential development of importance.

Population rises

In 1906, the population was 1,200, in 1969, 32,000 and an expected growth in the 1970's is projecting a 79,000 population.

The change came, as it did for many California communities, after World War II. Migrating people from all over the United States came to California. And many chose Upland for home. Agriculture gave way to subdivision development.

With the growth of housing, commercial and industrial developers also eyed the city, urbanization was on its way. There were those who wanted Upland to stay as it was and thought the change was not good. The town which was once united now began to face two philosophies.

Divergent philosophies

Many times these divergent philosophies have influenced decisions that only the future would show if they were sound.

Urbanized problems have been at times painfully thrashed out. To turn from an agricultural economy to a commercial economy requires great changes. All sectors of the city are affected. Streets and highways, lighting and open space, recreation and parks, zoning and development of industry and commercial, Airport planning, school planning and beautification, all come under consideration. It is no wonder

that at times the problems seem unsurmountable.

City on the freeway

Upland could once nestle isolated in the foothills on the edge of San Bernardino County, but not any more. It is a city on the freeway, facing even greater urban problems. People and growth are bound to come.

It has been only 88 years since George Chaffey envisioned a model colony. So far Upland has followed pretty much his idea of development, but then he worked with simple problems. It will take real dedication to solve future problems that are complex and meet the challenge of the 70's. It may not come from more technology, but from people. However, on both of these foundations hang the success or failure of Upland's future.

Pancakes may still flip on foothill

A special meeting to be held on Tuesday, Feb. 10, has been called for by the Planning Commission.

The meeting which will start at 7:30 p.m., in the council chambers, city hall, 177 E. "D" St., will consider the proposal for a Conditional Use Permit to establish a walk-in, sit-down restaurant (Uncle John's) at the southeast corner of Euclid Avenue and Foothill Boulevard.

The Curci-Turner Co. of Newport Beach sought from the Planning Commission meeting held Jan. 22, a zone change on that corner, from R-1-D to C-4.

The commission ruled that a CUP would have to be applied for by the company and have called the meeting for this purpose.

--In other business, the commission okayed a car wash inci-

dental gas service permit, the car wash to be located at the corner of Mulberry and Foothill and denied Marie Tobin of Ontario a zone change on the 3.1 acres at the southwest corner of Mulberry and Foothill.

Little opposition was heard in the public hearing on the car wash. The matter will come up again at a public hearing at the Feb. 2 council meeting.

The Commission recommended that the General Plan Amendment be adopted; approved a Conditional Use Permit for a 99-bed convalescent home at 13th Avenue and San Bernardino Road, postponed a tentative tract asked by Arnold Anderson on 14 lots at the corner of Euclid and 18th Street, and approved two parcel maps.

Stop signs installed

Residents of Upland whose normal driving patterns include crossing 11th Street or turning onto that street between Euclid and San Antonio Avenues, will soon notice something new. The old YIELD right-of-way signs will be replaced by STOP signs. A study of traffic accidents on 11th Street between Euclid Avenue and San Antonio Avenue has led the Upland Police and Engineering Departments to the conclusion that the more positive control of crossing and entering traffic would provide for greater safety to all motorists using these streets.

If you are a resident of that area, please be particularly alert to the new traffic controls as soon as they are installed so that no embarrassing incidents will occur.

Election Help Still Needed

Election workers are still needed according to Dee Carpenter, city clerk. Especially needed are workers in the Citrus and Cabrillo School areas. There is also a need for alternates, Mrs. Carpenter said.

The municipal election will be held Tuesday, April 14, and while some volunteers have signed up, there is a need for more.

For further information, call the City Clerk at 982-1352.

CHAMBER SPEAKER -- Mayor George Gibson (second from left) welcomes William McGurty, industrial coordinator, San Bernardino County Economic Development Commission, as Ted Lyman, chamber member, and Walter Reardon, chamber president, looks on. McGurty was featured speaker at the Chamber breakfast meeting held last Friday.

Growth Stimulates Community

"Activity is happening here and in San Bernardino County,"

William McGurty, industrial coordinator, San Bernardino County Economic Development Commission, told the members of the Chamber of Commerce at the monthly breakfast meeting held last week.

"Relocations from the Los Angeles basin which has almost filled up, account for the growth in San Bernardino County," he said.

While the growth at the moment seems to be in the Cucamonga and Chino areas, McGurty told the group that Upland could also figure in getting some of the industrial business. He said both the citizens and business community will need to put

forth the effort to get the industries here.

One of the factors that has helped San Bernardino County in getting industrialists to locate in the area, is the foresight of the Chino Water Basin District which was instrumental in formulating plans to handle industrial wastes of great scope.

He cited the Kaiser Steel Co. and Sunkist Growers as companies that need such a plan. In helping industry to get rid of this waste, McGurty told the chamber that it also helps the citizen and assures him of a relative clean environment.

The new industries bring employees who live and buy in the area and capital investments which benefit the areas, he said. He paid tribute to Upland's in-

dustrial park as being "far-sighted" and mentioned that there was still growth out there.

After Cucamonga, he said Chino was the next active growth area industrial wise. This is because of the Ontario freeway and the Southern Pacific Railroad, who owns land in the Chino area. It was his thinking that Upland will reap "fringe benefits" from this close-by development.

While industrial development is important, McGurty pointed out that the recreation and tourist business is also important and said the county was going to use one cent of the five cent bed-tax to advertise the tourist aspect of the county in a national magazine.

MARCH OF DIMES LUAU -- Getting in the mood for the March of Dimes Luau to be held Friday, Jan. 30, are Hawaiian dancers (left) Kaila and (right) Mahilani. Master-minding the benefit is "Hawaiian Abe" Santos. Donation for the all-you-can-eat-and-drink benefit is \$10 per person, which will go to aid the March of Dimes. Food and merriment will abound in the Hawaiian style and an evening of enjoyment is planned for all, says Abe. The affair will be held at the Olive Tree Restaurant in Upland and reservations may be made by calling Abe at 982-1817 or at the door.

Upland's goals

We think the Chamber of Commerce's idea of forming a "Forward Upland Committee," is a good idea.

For too long, the citizens have not set down the goals of Upland so they could be defined and then accomplished.

Too often the goals have been set by politicians who were pressured by groups of vested interests.

A city needs the trust, the cooperation and the backing of its people and their ideas. Councils and commissions should not be subjected to pressures by politicians, elected and otherwise, who serve selfish interests. They should instead know what the citizens want done and do it.

To do this, the citizens need to formulate the goals themselves and then see they are carried out. This saves the citizenry the element of "surprise" when they find a council or commission has embarked on a venture, unknown to but a few and not in the interest of the many.

Forward Upland will provide this kind of sounding board to help define the goals that the people want, not what the politician thinks the people want.

Some of the things we'd like to see on the agenda for Forward Upland are:

- AN ALL CITY BEAUTIFICATION PLAN: Euclid Avenue is beautiful, but how about the rest of the city which is at times "Clutterville".

- COMMUNICATIONS: Not only between the young and old, but between the Mexican American and the Anglo. No longer can the city be divided into the north and south, with the south section getting neglected because its people don't know how to approach city hall and if they did, they can't communicate because no one understands their language.

- PARKS: It's been 10 years since the master plan for parks was formulated. Things have changed. A new study on parks is needed. There is far too much land tied up now. With schools having playgrounds, maybe land acquisition isn't needed, but rather a better utilization of what we have and the schools have on a joint cooperative basis. Some kind of development is certainly needed now.

- RECREATION: A full time recreation director and a satellite program is needed now. Again, the joint use of school facilities and supervision in the neighborhoods on a need basis. Plus, the acquisition of the old Upland College which is being wasted, it would make a very good community building for use by all.

There are many more things that citizens could define as goals that would reflect the community interest and need. Forward Upland may be the answer but it will take the citizen's involvement to make it work.

Mexico eyes nationalization

Our Man In Washington

By BILL KENNEDY

WASHINGTON - For years Mexico and the United States have enjoyed cordial relations -- economic, business and social. The country has encouraged American development of Mexican resources, and over the years there have been millions of dollars in U.S. aid going into the country.

But of late, Mexico has shown indications of going the way of Peru, Bolivia, Argentina and other Latin American countries in the matter of nationalizing U.S. industries -- a disguised way, but expropriation nonetheless.

While vacationing in Monterrey, Mexico over the New Year holiday, this reporter picked up a newspaper and read a lengthy account of how the Mexican government claimed it had nothing to do with forcing Gulf Resources & Chemical Corp. out of business in that country.

The government official quoted said negotiations between Gulf Resources and prospective Mexican purchaser was strictly a private transaction and that the government could not be blamed if the deal fell through.

IF THIS were the true situation, there could be no quarrel with the Mexican government. But this is not the case. After returning to Washington, this reporter did some research, and this is what he found:

Until last year, Gulf had been producing well over 300,000 tons of sulphur and had been competing favorably in the world market. No other sulphur-producing company in Mexico was so restricted. So the only reason for imposing these restrictions was to force the Mexicanization of the firm.

THE DESIRED result was accomplished when Gulf began negotiating for the sale of its properties to a Mexican firm which had the blessings of the Mexican government. These negotiations resulted in a contract of sale that specified certain conditions that had to be met before closing.

One condition was that Nacional Financiera, the government development bank, guarantee certain notes to be given to Gulf by the purchaser.

Nacional Financiera was not just a disinterested government party but was, in fact, going to own 40 percent of the company which was actually making the purchase of Gulf Resources in Mexico. So, the Mexican government -- contrary to its claims -- was very much involved in the whole transaction and was a party to it.

It is abundantly clear that the Mexican government was using its official offices to prevent Gulf Resources from selling its properties at a fair price with the end view that it would give up its operations in Mexico at a distress sale.

WHO WOULD benefit from such a forced sale other than the Mexican government and its officials who have a direct interest in the remaining sulphur operations in that country?

The whole devious matter may be called by many names but it boils down to the fact that Gulf Resources is being forced out of Mexico without just compensation. And this amounts to just another form of confiscation or expropriation.

Then the facts are made known, there could well be an outcry on Capitol Hill heard all the way to Mexico City. Some senators and congressmen might object to such treatment of American businessmen.

A Little Bit

OF THIS AND THAT

By Bob Evans

The state attorney general is being asked to investigate procedures of the Department of Motor Vehicles in which information regarding drivers' licenses and motor vehicle registration is being made available to various organizations seeking such information.

Making such information available "poses a question of some legality," notes Assemblyman William Campbell of Hacienda Heights.

We aren't prepared to comment on the legality of the DMV policy, but we agree with Campbell that the practice should be scrutinized.

The right to privacy is a well-established one, and upheld by courts. What it means generally is that unless one does something to bring his attention to the public, he has the right to keep his identity to himself.

On this basis, you probably have wondered how you got on a certain mailing list.

A common experience is to buy a new car, then start receiving brochures from all over the place inviting you to purchase seat covers or other accessories.

Such information -- your make of car, your name and your address -- all can be purchased from the DMV.

The question we ask is, why?

The purchase of a car shouldn't be cause for one to lose his anonymity. There are many legitimate ways for groups and businesses to make us offers to join or buy or whatever without allowing a state agency making its resources available.

And this all presumes that the motives in seeking these names are legitimate. There are cases where a request for such names and addresses may not be on the up-and-up.

This possibility alone should be enough to halt the DMV practice of releasing its information to anyone except representatives of law-enforcement agencies or other government units which have a need for the information.

Current Comments

CUERO, TEXAS, RECORD: "With each passing day we become more and more convinced the only way to get a large segment of the American population to go to work is to drastically reduce the poverty programs and doles that support them."

There is no logical reason, we feel, why business and industrial firms and their employees who work day by day for a livelihood should have their earnings taxed to the extent that sufficient federal and state funds are available to take care of the needs of several million Americans who do not choose to work.

It is our feeling this condition will continue to exist and to expand until the federal and state governments drastically cut down on their doles and free food handouts and sensibly amend the rules and regulations which qualify hundreds of thousands for the relief rolls, food handouts and unemployment compensation who do not deserve it."

TURLOCK, CALIF., JOURNAL: "We have something to be grateful for. The federal government has, believe it or not, turned down a proposal to set up another agency. It was suggested that a central purchasing agency for federal-state-local governments be set up under the 1968 Intergovernmental Corporation Act."

"Opposition came chiefly from business, warning that many markets might be lost."

And the U.S. Chamber of Commerce pointed out that such an agency could "greatly reduce or eliminate the opportunity for many smaller businesses to compete" . . . it is cheering to learn that at least one attempt to swim against the current was successful."

CORTLAND, N.Y., DEMOCRAT: "Would you go to a store and pay \$1.16 for a one dollar bill? No? Does the very thought sound insane? Well hold on to your chair, because you are already paying that much and more for dollar bills reports the (New York) Citizens Public Expenditure Survey, Incorporated. . . Proponents of new government spending programs who cry, 'it won't cost local taxpayers anything; federal aid will pay for it,' are merely deluding themselves and the public."

TERRE HAUTE, IND., TRIBUNE: "If Russians get their historical knowledge from official sources, and compare the current information with that issued a few years previously, they must be a bewildered lot. Each new updating of the Communist party history denounces previous leaders, formerly praised as wise and beneficent, as serious blunders. . . These vacillations may seem mysterious in an open society such as ours, but they are easily explained. The authors of the official histories do not aim to tell the truth, but rather to please the tyrant, or tyrants, in power at the moment."

HARRISONBURG, VA., NEWS-RECORD: "A report by the U.S. Department of Labor details the nation's estimated manpower and womanpower needs through 1975. Included on the list in terms of annual openings are: Teachers - 200,000, secretaries - 175,000, retail sales workers - 140,000, truck drivers - 129,000, electrical engineers - 14,700, and advertising workers - 8,500. Way down near the end, but still alive and kicking, are blacksmiths - 600."

WATERTOWN, WASH., EMPIRE-PRESS: "Our thought is that if economy at home is good for the country it should be even better and at least consistent to reduce foreign aid, consistent with our security and commitments to our Allies. What is sauce for the American goose should be sauce for the foreign gander. And we think if we do some pruning on the foreign spending it might lighten the load for the American Eagle and the hard-pressed taxpayer."

What's Doing In Upland?

HATS OFF

There are three very able and fine men who not only have had a hand in educating Upland children, but who donate their "extra" time to a worthy cause, The March Of Dimes. A doff of the hat to Harold Cook, West End Director, MOD and former superintendent of Upland School District, James Smith, county vice president, MOD, and assistant superintendent, USD; Bob Nolan, Upland City director, MOD and principal, Upland Junior High School. A tip of the hat to these men.

BEST WISHES

It's goodbye time for Pam Tull, one of the efficient secretaries of the Planning Dept. She's been around city hall for about four years and has decided it would be nice to be home for a change. (I don't doubt her husband thinks it is a good idea, too, especially after the seven months ordeal with the sign ordinance committee). Pam's a wonderful person, pretty, and talented with a stenographer's book. We'll miss her and wish all of the best to her.

Jenny Kirkpatrick

LUCKY UPLAND

Upland was lucky in 1969, because we did not have any Upland servicemen killed in Vietnam. In years before there has been at least two killed, many of them talented and young, making their loss a real blow to their families and the community. We are glad for the moratorium, and hope our luck holds out in 1970.

CONTRIBUTIONS

The Upland Host Lions Club donated \$200 to the National Foundation of the March of Dimes, and \$300 to the Upland Boy's Club. The Upland Breakfast Lions donated \$50 to the March of Dimes. We're proud of these service clubs and know their contributions will hold those who need help now.

MIKE ADAMSON

Hats off to Mike Adamson, Upland City's administrative aide, he's a hard working young man who provides us with the "Meet Your City Employees," pictures and the "Did You Know?" column. A doff of the hat Mike and thanks for your help.

FIREMEN SAVE-----

You name it and Fire Dept. covered it. Automobile fires?, seven of them; household appliance fires?, four of them; emergency calls?, six of them. This happened all in one week. Who said firemen sit around?

THE MAYOR SAYS

Mayor George Gibson told the Chamber of Commerce members, last week, that he has had word from the State Division of Highways that the freeway off ramps on Second Avenue will be open on February 9. The street will then become one-way going north.

He also told the members that the Pepper trees which were damaged in the wind storm are being repaired and replaced as fast as the city crews can get to them.

Pollution

Pollution seems to be one of the biggest national problems of the day. President Nixon has pledged an expensive fight against pollution. Where better can we put our taxes, lest we pollute ourselves into disaster.

Facts show that smog from automobile exhaust in the Los Angeles area is slowly killing 1.2 million trees in the San Bernardino National Forest. If

these die it may have a great effect on the climate.

Smog is also affecting Californians greatly and is increasing steadily. Its effects are eye irritation, shortness of breath, allergic symptoms, discomfort, and impaired visibility.

California atmosphere is fouled by clouds of sulphur mixed with the air by coal and oil-fired generating plants. Nuclear power, despite drawbacks, is the nations best bet for the least pollution in the future.

Arie Jan Haagen-Smit, a professor of biochemistry at the California Institute of Technology who is considered by many as the worlds leading authority on air pollution, contends that it is a man made problem. He states that smog "is a community sickness, a disease which appears whenever there is a crowd-

ing of people in a non-ventilated area." He also states that "we have to reduce the present emissions at least by a factor of four to arrive in the no smog area."

The automobile industry is working on the problem even to developing a steam car.

Senator Nelson of Wisconsin states that a victory on pollution could take decades, not considering many billions of dollars. His speculation is that by the year 2000 it will take \$275 billion to just control pollution.

The problem is a big one, but it is my opinion that a nation capable of putting a man on the moon can and must reclaim its life giving natural resources.

THE NEIGHBORLY WAY -- The female members of the Francis Avenue Singers, all neighbors living on Francis Avenue, raise their voices in song in an effort to raise funds for the Garland Rogers Memorial Pavilion Association. The Singers are sponsoring a benefit dance to be held Saturday, Jan. 31.

Singing neighbors hope to build Garland Rogers memorial pavilion

Members of the Francis Avenue Singers will sponsor a second Annual Benefit Dance on

Friday, Jan. 30, at 8 p.m. at the Ontario Elks Club, 1150 W. Fourth St.

Proceeds from the dance will be donated to the Garland Rogers Memorial Pavilion Association which is directed by the Francis Avenue Singers.

Rogers, co-founder and once director of the Singers was killed in an automobile accident in 1967. Members of the Francis Avenue Singers are in hopes of funding a pavilion to be constructed in the Upland Memorial Park to the memory of Rogers.

Members of the group are neighbors who all reside on

Francis Avenue. They organized six years ago for the mutual enjoyment of singing. The pastime has grown into the development of a program of entertainment for community organizations.

City Manager Elwin Alder will emcee the benefit dance. Social hour is slated for 8 p.m. with the dance to follow at 9 p.m. Music will be provided by the Esquires. Door prizes will be given and additional entertainment has been scheduled.

Donation for the dance is \$2.50 per person and can be paid at the door.

WORK OF ART -- Second graders at Valencia School watch as their teacher fashions a clay figure. She is helping the youngsters with their clay sculpting which was started by Mrs. Betty Davenport Ford, a well-known artist who visited the school last week.

Groups study foreign policy

"Great Decisions 1970," is the theme selected for the 16th annual, nation-wide, program developed by the Foreign Policy Association. The program, sponsored by the University of California Extension and the World Affairs Council, and locally by the Ontario-Upland branch of the American Association of University Women, will begin the first week in February and run for eight weeks.

Participants in the program can study and examine the critical foreign policy issues the United States faces. A booklet, published by the Foreign Policy Association, provides factual material on the eight topics which will be studied by small groups of people in each other's homes.

Meetings are scheduled weekly with two evening groups, and a Friday morning group which will meet at the Upland Library at 10 a.m.

The discussion groups are open to the public. For further details call Mrs. Roger Hughbanks, 986-4644 or Mrs. Donald Stewart, 982-3939.

Sirens fete installation

An annual installation dinner for new officers for the Upland Sirens was held recently at the Arbor Restaurant.

Mrs. Dennis Segur and Mrs. Rodney Buhler received gifts for staging the best party of the year.

Officers for 1970 are Mmes. Brad Myers, president; Nello Petronzio, vice president; Merle Arneson, secretary; Robert Reeve, treasurer; Curtis Wood, publicity; Howard Seay, parliamentarian; and John Wessely, advisor.

Diabetes topic to be discussed

"Diabetes Mellitus: Present and Future," will be the topic discussed by Vincent J. Carollo, M.D., at the annual meeting of the Visiting Nurse Association of Pomona West End, Inc.

The dinner meeting will be held at 6:30 p.m. in the Alta Auditorium at the San Antonio Community Hospital. Dinner reservations are \$5 per person.

Today's WOMEN

West end drug abuse topic for discussion

On Monday, Jan. 19, Mrs. James Van Antwerp, president, welcomed members of the Assistance League and their guests to a special program on the "Cause and Effect of Drug Abuse in the West End." Community leaders taking part on the panel were The Honorable Richard Garner, Judge of the Municipal Court; Captain Peter Smith of the Upland Police Department; Howard Snider, Mayor of Ontario; and Mr. Clifford Morrison of Teen Challenge. Mrs. Jack Pierce, chairman of the League's Educational Committee on Drug Abuse, introduced each of the panel members who spoke on their special areas of knowledge of the drug problem.

Noting that long and severe jail penalties have not been found to be a completely effective deterrent to drug addiction, Judge Garner commended the new approach that organizations such as Teen Challenge and Reach Out are taking in the rehabilitation of addicts and education of the public.

Captain Smith gave a comprehensive picture of the severity of the drug problem in citing the rise in the number of ar-

rests for drug abuse. He outlined the various educational programs now being implemented in the local schools by the police department.

Mayor Snider, speaking as a community leader and concerned parent, mentioned the tremendous amount of involvement by service clubs and community organizations in efforts to educate the public in the problems of drug abuse. He emphasized that there must be a continuing effort on the part of community leaders to solve these problems.

Mr. Morrison spoke on the history of Teen Challenge, their specific approach to rehabilitation and the emphasis they place on a religious foundation as a necessary element in the rehabilitation of a drug addict. He introduced two former addicts, now being helped by Teen Challenge, who gave an account of their particular nightmare in the drug world and now, their new life through the help of Teen Challenge.

Mrs. Pierce, in closing the program, noted that in addition to a financial donation already given to Teen Challenge, the League has scheduled three additional programs on drug abuse.

Angela Davis to wed

Mr. and Mrs. J. C. Davis Jr., Upland, announced the engagement of their daughter Angela, to Bruce L. Roland, son of Mr. and Mrs. William Roland, Bakersfield.

The announcement came at a buffet dinner held recently in the Davis home.

Miss Davis is a 1969 graduate of Upland High School where she was a member of Krislonians, Girls' Ensemble and Madrigals. She is presently attending Chaffey College and majoring in secretarial science.

Her fiancée graduated from North High School in Bakersfield in 1967. He was a member of the high school band. He is presently enrolled at Cal Poly, San Luis Obispo, and majoring in mechanical engineering.

The young couple have set no definite wedding date.

A FRIENDLY CAMEL -- Who ever saw a camel talk, and isn't it nice to have a camel for a friend? From left, Mark Scheu, Gerry Groeber and Curt Scheu simply can't believe that talking camels really exist. This camel is a member of the cast of "An Arabian Knight," which will be presented by Casa Alegre to children in the West End on Saturday, Jan. 31.

'An arabian knight' presented by casa alegre auxiliary

"Abu and his faithful camel descend through the Valley of Snakes, climb the Mountain of the Monster, and face the wrath of a genie, as they search for the precious jade stone that will win for Abu the hand of the Princess."

Casa Alegre Auxiliary of Children's Home Society of California will present "An Arabian Knight," a mystical adventure for children, adapted from the familiar stories of the Arabian Nights on Saturday, Jan. 31, at 1 p.m. in Gardner Spring Auditorium, Chaffey High School, Ontario.

"An Arabian Knight" is the story of the kingdom which was once filled with love and happiness. It was turned into a wrangling, fighting, brawling empire when its symbol, the "jewel of happiness" was stolen. The king promises his daughter to the young man who will recover the jewel and restore happiness to his kingdom. None will accept the challenge. Finally the villagers convince a young naive

lad to take up the quest. He crawls through the valley of snakes, climbs the mountain of the monster, and teeters on the edge of death because of his love for the willabe and its people - people who consider the young lad a fool.

Casa Alegre is fortunate to be able to bring this one-time-only production to the West End. "An Arabian Knight" is directed and produced by Burnett Ferguson. The production has been acclaimed by thousands in the Los Angeles area during its showings at UCLA Schoenberg Hall and the Los Angeles County Art Center.

Mrs. Timothy Dolan, ways and means chairman for Casa Alegre, is in charge of bringing the production here. She is being assisted by Committee chairmen Mmes: David Elling, Jerry Remington, Bill Donelson, Richard Kates, Robert Lawson, Pascal Goodrich, Harry Chambers, Laird Pierce, Russell West, Courtney Howell, Jeffrey Fort,

Leland Scheu and also by Mrs. James Viano and Mrs. Donald Woodward.

The entire membership of Casa Alegre is involved in this presentation as a community service. Children's Home Society of California is California's only statewide private adoption agency. It has provided over 32,500 adoptive services throughout California since 1891. CHS serves homeless children, natural parents and couples seeking to adopt. Proceeds from the play will go to support and further these services.

It is not too late to make reservations. Contact the following women for group and individual tickets:

Groups and Troops - Mrs. Kates at 985-4550; Schools and PTA - Mrs. Elling at 985-6372; Organizations - Mrs. Goodrich at 982-7063; Businesses - Mrs. Pierce at 985-7407; Individual - Mrs. Dolan at 987-3836 and Mrs. Viano at 987-1371.

AAUW will sponsor fellowship bridge

For 14 years, the first Saturday in February has been known in the community as the date of the Annual AAUW Fellowship Bridge. On that date, the Ontario-Upland Branch of the American Association of University Women sponsors an afternoon of bridge, with the donations received contributed to a national scholarship fund.

On February 7, beginning at 12:30 p.m., the Fourteenth Annual Fellowship Bridge will be held at Alta Loma High School cafeteria. The theme is "Fine Art of Fellowships."

Mrs. Frank Perri, president of the local branch, explained that although the AAUW sponsors the fund-raising event, it is considered a community project. Fellowships in the amount of \$500 each are distributed to women throughout the world for advanced research. These scholars

have completed their master's degrees or doctorates, and are involved in research.

Each year, the entire AAUW branch membership works to give the community an afternoon of pleasure. Mrs. Fred O. Felsch, Fellowships Chairman, has announced the committee chairmen for this year: Mrs. Harry Wiser, co-chairman; Mrs. Edward Bordenkircher, desserts; Mrs. Russell Barnum, decorations; Mrs. George Mahon, prizes; Mrs. Sidney Jones, Mrs. Stephen May and Mrs. Guy Elsea, settings; Mrs. O. B. Thompson, follow-up; Mrs. J. D. McCleary, printing; Mrs. Alfred S. Veak, advisory; Miss Florence Armstrong, seating arrangements.

Tickets or tables may be reserved by calling Mrs. Sidney Jones, 985-1159; or Mrs. Felsch, 982-4960.

Cucamonga couple weds

Miss Rebecca Jean Smith, daughter of Mr. and Mrs. Robert J. Smith, Cucamonga, recently became the bride of Terry Dean Grimmer, son of Mr. and Mrs. Jess Grimmer, Cucamonga, in a ceremony held at the First Southern Baptist Church of Ontario.

The bride was given in marriage by her father. The Rev. Milton Allen officiated at the ceremony.

The bride chose a gown of silk organza and chantilly lace. Long sleeves were set into a natural waistline bodice which featured a sabrina neckline. The silk organza bouffant skirt held an insert of chantilly lace. The detachable chapel length train,

which fell from the shoulders, was appliqued with lace. Her colonial bouquet featured white carnations.

Assisting the bride was Matron of Honor Mrs. David Smith of Fontana. Bridesmaids were Sue Darcy, Etiwanda, and Dianne Sawyer, Alta Loma. Patricia Smith carried the bride's train, and Cynthia Stewart served as flower girl.

Jim Reingrover of Alta Loma served as Best Man. Dana Grimmer, Cucamonga, and Richard Millet, Cucamonga, ushered at the ceremony.

A reception was held at Sweeten Hall following the ceremony. Mr. and Mrs. Grimmer will reside in Alta Loma.

Maryann Pitts becomes bride

Miss Maryann Evans Pitts, daughter of Mrs. Richard Pitts and the late Rev. Richard Pitts, Upland, became the bride of Joseph A. Reuter, son of Mr. and Mrs. Howard Reuter, Pasadena, in a Christmas ceremony held at the First United Methodist Church of Upland.

The double ring ceremony was officiated by Rev. George Byrne, St. Joseph's Catholic Church, and Rev. Clark Robbins, First United Methodist Church. The late Rev. Richard Pitts, was pastor at the First United Methodist Church from 1957 until his death in 1966.

The bride was given in marriage by William Van Camp, a family friend. She chose a floor length gown and train which featured a satin panel insert in the front. A crown of seed pearls held her cathedral length train, which was edged with lace. Her bouquet was highlighted with red and white rosebuds.

Attending the bride was Maid of Honor Frances Pitts. Bridesmaids were Judith Reuter, Pasadena, and Marilyn Radisch, San Carlos. The attendants wore moss green velvet gowns with white fur hats a muffs trimmed with holly.

James Reuter, Sierra Madre, served as Best Man for his brother. Ushers were Richard Moran, Venice, and Ed Jenkins, San Diego.

The church choir was under the direction of Mrs. Barbara Gulick and was accompanied by organist Mrs. Carl Hess.

Following the ceremony, a reception was held at the fellowship hall of the church. Marcia Carlton, Piedmont, attended the guest book. Mrs. Fern Reisner, Upland, and Miss Bernice Bazzore, Long Beach, served punch.

The bride was a 1964 graduate of Upland High School. She received her BA from the University of California, Riverside, in 1968, and her teaching credential in 1969. She is presently teaching at Central Elementary School in Cucamonga.

The bridegroom received his BS degree from Notre Dame in 1966. He received his MA from the University of California, Rv-

Mr. and Mrs. Joseph A. Reuter

erside, in 1969. He is presently employed as a computer programmer for TRW Systems in

Redondo Beach. The Reuters will reside in Ontario.

VALENTINES -- Mrs. R. J. Hicks and Mrs. Frank Grant overwork the mail chute at the Upland Post Office as they prepare to mail Valentine cards to American prisoners of war in Vietnam. The women are members of the Upland Junior Woman's Club.

Upland juniors send valentines to vietnam prisoners of war

Valentines to prisoners of war are being mailed by members of the Upland Junior Women's Club. It is hoped that the POW's will know by the delivery of these cards that Americans have not forgotten them and that a line of communication exists between them and home. The Upland Junior Women are mailing these cards to show the positive side

of America and demonstrate concern for the courageous men held in South-East Asia prisons.

Juniors encourage others in the community to send cards from their homes to: Any American POW, Camp of Detention, Hanoi Post Office, Hanoi Democratic Republic of Vietnam. A 25¢ air-mail stamp will deliver cards sent.

Our men held in North Vietnam prisons have often been called the forgotten men of the Vietnam war and Secretary of State Wm. Rogers states: "I don't understand why we have not become more excited about the prisoner question."

Altar society

The Altar and Rosary Society of St. Joseph's Church, Upland, will have its monthly meeting on Feb. 3 at 8 p.m. in the church hall.

Program for the evening will be presented by Father Robert Pinta who will speak on the youth program, "Search".

All women of the parish are invited said Mrs. Andy Torta, society president.

Fraternal News

Mrs. Joe Shanklin and Mrs. James Coulter were accepted as new members into the American Legion Auxiliary, Ontario Unit 112, at a recent auxiliary meeting. Also accepted was the obligation of Mrs. Dolores Martin. Officers participated in the draping of the charter in memory of Mrs. Leo Murphy.

It was announced that Americanism Essay materials have

been placed in the local schools and that the annual memorial poppies will be on sale May 22 and 23 of this year.

The Past Presidents of Ontario Unit 112, will hold a dinner meeting on Feb. 11, at the home of Mrs. Fred Price, Upland.

Following the meeting, refreshments were served by Mrs. Max Rowland and her committee.

SISTER CITY -- Mayor George Gibson looks over the Sister City document from Mildura, Australia, which was presented to him at the Sister City meeting held last week. Making the presentation was (left) Mrs. Douglas Black and Mrs. Althea Correll. The women also presented documents to Mayor Ken Wright of Mildura when they were in that city recently.

NEW OFFICERS -- Recently installed as officers of the Upland Employees Association were (from left) Larry Dilley, president; Ruth Land, treasurer; Jane Penner, secretary; Ernie Miller, vice president; and in back, Bill Smith, Sgt. of Arms.

St. Mark's church recaps past year

Tributes to the late Mrs. A. L. Weber and to the Rev. John B. Harrison, former rector of the parish, and his wife, Betty, former Director of Religious Education, opened the 59th Annual Meeting of St. Mark's Episcopal Church, Sunday, Jan. 18, 6:30 p.m.

Over 150 adult parishioners gathered in the Parish Hall to hear the state of the church and to receive reports from the organizations within the parish. The Rev. Frederick A. Fenton, newly-elected rector, officiated. He praised Father Harrison for six years of devotion to the parish, and to his supervision of the move from the old church on Euclid Avenue to the new structure on 10th Street. He said, "Father Harrison cares greatly about people...he is a loyal son of the Diocese...and loves the traditional ceremonies of the historic church."

He told how Mrs. Weber was a member of the first confirmation class of St. Mark's when it met over the Commercial Bank of Upland in 1910. He said that she was a staunch supporter of the parish until her recent death. Of the parish, Fr. Fenton said, "It is clear to me that St. Mark's is a strong organization with good lay leadership and a healthy self-

confidence based on considerable success in accomplishing parish programs."

He cited three of the programs that represent the "kind of efforts the Church as a whole is urging us to undertake." The Women of St. Mark's provide one hot meal a month to Teen Challenge, narcotics addict halfway house--paying for, preparing, and delivering to the house; The Brotherhood of St. Andrew, who call on newcomers, and meet for prayer and study; and the eight young HI-Markers who spent part of last summer on an Indian reservation near Bluff, Utah, working at the Episcopal Mission.

Fr. Fenton announced that 1970 would see a special emphasis on evangelism and stewardship. He has scheduled an every-member canvass in the spring, followed by an evangelistic preaching mission March 8, 9, and 10.

Two new members of the Vestry were elected to replace Philip Born and Patton Lewis, whose terms expired. They are Dr. Alan Bond and Col. James A. Godwin.

Annual reports were received from The Brotherhood of St. Andrew, Jack Thompson, Jr., Director; the Acolytes, Dr. Richard Van Ness, Director; The Women of St. Mark's, Mrs. Lewis D. Ayles, past president; and Mrs. Harry L. Picard, president.

St. Clare's Guild, Mrs. Harold Bartholomae, president; St. Lydia's Guild, Mrs. Kenneth Steiner, president; St. Faith's

Guild, Mrs. Ross Myers, president.

Clifford Gain, Seminarian Assistant and Director of Religious Education; Mrs. Lolita Hawthorn, Music Director-Organist; Senior HI-Markers, Mr. and Mrs. Richard DuVall, Mr. and Mrs. Robert Lockhart, and Clifford Gain, sponsors; Junior HI-Markers, Mrs. Jack Napier and Mr. Timothy Dolan, sponsors.

The Altar Guild, Mrs. Floyd Plasman and Mrs. Wilma Keeker, co-chairmen; and St. Mark's Nursery School, Mrs. Robert Nichols, director.

Baptist church has Bible speaker

Dr. Lehman Strauss, Bible Conference speaker from Philadelphia, will be speaking daily at the Foothill Baptist Church, 1330 W. 15th St., Upland from February 1-6 according to Rev. Bernard E. Andrews, pastor of the church. He will speak three times on Sunday - 8:30, and 11 a.m., and 7 p.m. Week nights he will speak at 7 p.m.

Dr. Strauss was a pastor for 22 years before going into the Bible conference ministry. This ministry has taken him back and forth across America and around the world where he has ministered to Missionaries in several foreign countries. He is a prolific author, having written fourteen books, many of them commentaries on books of the New Testament. He is well known at the largest Bible conference centers in the Land.

Cancer dressing station meeting

The regular monthly meeting of the Upland Memorial Cancer Dressing Station will be held on Tuesday, Feb. 3, at 611 North Third Avenue, hours 9:30 to 2:30 (optional). Those attending are asked to take a sack lunch for the noon hour. Tea, coffee and dessert will be furnished.

Mrs. Dale Gross, Chairman, reported twelve new volunteers present at the January meeting. The total meeting being thirty-eight, completing 1,267 dressings.

For further information call 982-6003.

Upland man to join band concert tour

John Lindboe of Upland is a member of the 60-piece University of Redlands Concert Band which begins its annual mid-winter tour Jan. 30.

Lindboe, son of Mr. and Mrs. Robert L. Lindboe, 1589 N. Euclid Ave., is a 1967 graduate of Upland High School. He is a member of University Choir as well as the band, and is majoring in music education.

The Concert Band, directed by James Jorgenson, associate professor of music education at the University of Redlands, will appear in seven communities.

The five-day tour includes morning and afternoon performances before high school assemblies and evening concerts at churches, open to the public. The tour this year will visit Arizona and Nevada in addition to California.

Communities to be visited are Oildale and Ridgecrest (California), Las Vegas, Nev.; Kingman, Phoenix and Yuma (Arizona); and Palm Desert (Calif.).

3,932 Visit Planetarium

Chaffey College reports that more than 6,000 persons have attended planetarium programs in the past three months.

This accumulative attendance figure comprises 3,932 persons who were attracted to the December Christmas program and 2,117 who were drawn to the October and November programs.

The presentation in the Daniel B. Milliken Planetarium included day programs scheduled for school children and the regular Tuesday evening shows for persons of all ages.

The Christmas show alone, "The Littlest Angel," brought in a total day audience of 3,348 and a Tuesday evening performance of 584.

BACKWARDS WEEK

"Happiness is..." is the theme for this year's Girls' League sponsored Backwards Week, which is February 9 through February 14. In preparation for this action-packed week, preliminary voting for king will be held next Thursday and Friday, February 5 and 6.

LED ZEPPLIN CONCERT

The senior class officers are busy again planning activities for the year. Hopes are high that vice-president Mike Streeper will get the green light from the Board of Trustees to sponsor a rock concert to be held April 13 at Gardiner Spring Auditorium in Ontario. Led Zeppelin is being asked to perform two shows on that day.

If all goes well, advance tickets will go on sale in three weeks for UHS Highlanders. One week later, tickets for \$4.00 and \$5.50 will be sold to the public.

All proceeds from this event will be used for discounts on Grad Night at Disneyland tickets and for Ditch Day activities.

AFS BIRTHDAYS

Our two AFS students will be celebrating their birthdays this weekend. Monir Akbarieh will be eighteen on February 1 and Nicolas Wheatley will be sixteen on January 29. Both these students will be attending the Governor's Conference in Sacramento during this time. So to both of you, Happy Birthday!

FINALS

Every UHS Highlander will be breathing a sigh of relief this Friday. Semester finals will be over for a whole 18 weeks and then...

ESSAY

The following is another essay that was recently published in an anthology Young America Speaks.

MAN'S DESTINY

As time progresses, men all over the world will lose most of their human qualities, become mere machinery of their country, and will not even be aware that it is happening. Man has fought wars in which millions of people died for the territorial ambitions of their governments under the illusion that they were fighting for peace and democracy. Since then the human race has been faced with even a greater danger than the destruction of property, that being the destruction of our entire civilization. Most people are not aware of this threat and their own hopelessness. Many people believe that just because modern warfare is so destructive, war is impossible. Others believe that the mass destruction after the first two or three days of war will not stop life itself once the shock is overcome. If these beliefs control the minds of the people, man's destiny is hopeless. For the control over man's actions and thoughts control man himself.

Salvation army plans kick-off breakfast

The Kick-Off breakfast officially making the start of the Capital Fund drive of the Ontario area Salvation Army will be held at the Ontario Y.M.C.A. on Tuesday, Feb. 3, starting at 7:30 a.m., according to Don Wight, campaign chairman.

Guest speaker for this event will be Lt. Colonel Victor Newbould, Training Principal of The Salvation Army School for Officers' Training, San Francisco.

The speaker has commanded Salvation Army Corps in Salinas, San Diego, Citadel, Hollywood, Tabernacle, and Reno, Nevada.

The Capital Fund Drive is for the purpose of raising \$329,000.

for a critically needed new building and equipment to meet the growing demands for the services offered all West End communities by the local Salvation Army.

This new building and facilities is to be built on property adjacent to De Anza Park on South Euclid Avenue which will offer when completed the most modern accommodations for carrying out the programs of the local Army unit for both youths and adults.

A small army of local civic minded citizens have willingly volunteered their services to chairman Wight for this campaign which in effect is a back-

up for the local advisory board which works with Captain Danielson.

The board members, most of them present at the planning luncheon, held recently include Hugh Abbott, Ralph Arnold, George Brannan, Dr. Elmer Carlson, Homer Briggs, Mrs. Ray R. Delhauer, Bryce Denton, vice-chairman; Dave Etchason, Jane Hayes, Paul Hofer, Jr., Al Homer, Jay Holmes, Francis Jensen, Charles Linck, and Richard Newton.

Mrs. Max A. Punttenney, secretary; Roger Sagouspe, chairman; Harold Steinmeier, Mrs. Joe Visnak, Henry Vollerson,

Don Webber, Don Wight, Hugh West, and Brian Zenz.

Others present at the luncheon were Dewey Harnish, Rene Biane, Barney Dagan, Tom Carnesi, Dick Davidson, Richard Evans, Jim Neu, Bert Francis, Clark Lewis, Lois Snider, Carl Schuler, Bob Jennings, Nick Petrovich, and Forrest E. Doucette.

Campaign headquarters have been set up at 209 S. Fern St., Ontario, through the courtesy of Holmer's Business Service. Area served by Ontario Salvation Army includes Upland, Cucamonga, Alta Loma, Ontario and Chino and their communities.

WE'RE GROWING--And because we are, it is now necessary to change the deadline date for releases. New deadline is now THURSDAY at 5 P.M.

Damien to build new gym

The firm of Barker and Ott, Architects, has announced the tentative date of April this year, for the groundbreaking of Damien High School's new gym.

Father James Mitchell, principal, stated the building will be a combination auditorium-gymnasium with the new Tartan floor developed by the 3M company. The building will have bleacher seating for 1250. The main room will be 105 feet long and 95 feet wide and will be built with future expansion in mind.

Funds for the gym were raised through the Dimension Plus Program and the "Buy a Brick" drive. The two drives, so far, have raised a total of \$94,000 with a goal of \$100,000 to be reached, hopefully, by the groundbreaking date.

The Archdiocese of Los Angeles will match the \$100,000 when it is raised by the school. Mrs. Donald Karr, current president of St. Monica's Guild, was chairman of the "Buy a Brick" drive.

Dimension Plus is a matching fund capital program designed to provide Damien High School and its young men a more complete academic and social environment in which the realization of their full potential can be reached and motivation can be created and sustained.

Dimension Plus can only be realized by the concern and the response of the organization and citizens in the communities served by Damien High School. Students attending Damien are from 17 cities surrounding the school.

The following leaders within the Damien Community have taken the responsibility for the success of Dimension Plus: co-chairman: Harry McBeth and Ed Nelson (TV Peyton Place fame); Honorary co-chairman: Mons. Thomas P. English and Mons. William Barry; Committee members are from Pomona: Hon. Judge R. Firth, Joseph Wilkinson, Art Cox; Glendora: James Griffin; Claremont: Dr. John Wicher, James Kelly, John Frampton; Covina: Walter Laband, Jerome Fahey; San Dimas - LaVerne: Tom Nuss; Upland: Anthony Schiro.

More action is forecast

Increased committee action is expected during 1970 by area Realtors under a new meeting plan started by Eugene Bello, President.

Under the new plan, every Friday afternoon from 2 to 5 p.m. some of the committees and all top officers of the Ontario - Upland - Chino Board of Realtors will meet at the board headquarters office at 217 E. A St. Upland.

In all, there are 29 committees working on various real estate and community activities, and all of them meet on various Fridays of the month and quarter.

Third Leading

The third leading cause of death in the U. S., strokes, take almost 200,000 lives each year, outranked only by heart attacks (\$70,000 deaths annually), and cancer, (310,000), according to Los Angeles County Heart Association.

WORKING IN BATIQUE -- Pat Kellogg, Chaffey Art Association, works a design in batique. She was one of the local artists who held a work session at the Museum recently.

LOS OJOS de DIOS -- Clark Heiple, Chaffey Art Association, works on the God's Eye, a form of art that is done by winding yarn around wooden type cross. Heiple was one of the local artists who held a work session at the Museum recently.

BURLAP ART -- Dennis Van Schuyver, of the Chaffey Art Association, takes yarn of burlap and weaves interesting pictures. He was one of the local artists who held a work session at the Museum recently.

CLAY KING -- Audrey Balph, Chaffey Art Association, fashions a clay king with a sculpting knife. The king will eventually grace someone's new chess board. Audrey was one of the local artists who held a work session recently at the Museum.

Don't delay buying house, says realtor

By EUGENE BELLO
President, Ontario-Upland-Chino
Board of Realtors

Many families are putting off selling their homes and buying other ones for whatever reason they have -- more space, less space, different space -- because of the high level of interest rates.

They look at a mortgage of 6 per cent or 7 per cent, sometimes lower than that, and compare it with the going rate of 8 per cent, even 9 per cent, and hesitate. The old rate looks secure, the new rate too high.

Yet offer that same family a more suitable home at a higher price and 6 per cent financing and the consideration will most often be: "Can we afford it?"

The value of a home is its price and the cost to buy it.

A house payment of \$150 a month buys a certain size house in a certain location under a 30-year mortgage at 8%. If the going interest rate on home mortgages has settled back a bit three years from now to 6-1/2%, buying the same house at that time in all probability will not cost less in house payments.

Inflation may have slowed by then from 4-1/2-5 percent to 2-3 per cent, but that is a per-year increase which can be applied to the total value of the house. In three years, the base price of the house will have to rise 6-9 per cent to keep up with inflation. In most areas in California there is also a rise in

price because of expanding population and more competition for the available housing.

A \$20,000 house, applying the most conservative inflation rate of 6 per cent over the next three years, will increase in price to \$21,200, or \$400 per year.

If the family waits those three years and the going interest rate settles to 6 per cent, they will have saved 2 per cent per year on mortgage costs. Let's assume the mortgage is for 80% of the house cost or \$16,000. Applying the 2 per cent savings, they have reduced the cost per year by \$320. It still cost them \$60 more per year to wait than if they had bought at the higher interest rate.

Inflation and rising prices don't stop. They longer they wait, the more it will cost them. From a sheer investment viewpoint, they are better off to make whatever move they feel they need to make and can afford now than to wait.

As any Realtor or other real estate broker knows, the overall trend of real estate values is fairly predictable, even though specific houses or areas may not be. A neighborhood is always subject to new influences: a better shopping district, coming of a freeway, changing to industrial or commercial use. But overall values follow a curve.

They have been rising in California for many years and there is no indication that they will not continue to rise. Putting off buying real estate will not reduce the curve. Someone else will buy.

2 west end men honored for boy scout work

Four men with many years of service to the Old Baldy Council, Boy Scouts of America, have been honored at the council's annual meeting.

They were presented with the Silver Beaver award, the highest national honor that can be bestowed by a scout council in recognition of distinguished service to boys.

All four men have been active at the unit level in addition to their service to the district and council.

The men include Duane E. Brown of Montclair and Edward A. Girard of Upland.

The other two men receiving the award were Robert J. Shacklett of Claremont, and Dr. William L. Toothaker, a dentist, and also a Claremont resident.

Brown's exceptional contribution in the field of leadership training has been especially noteworthy to the Old Baldy Council. Three different times, in two different districts, Brown has served as training chairman and has always been involved in training in some way. A pioneer in

the junior leader training program of Buckskin, he was the course Scoutmaster in 1963 to 1966 and is considered to be one of the pioneers in this outstanding training program for boy leaders of the Old Baldy Council.

Girard's outstanding contribution has been in the field of commissioner service. He served both as the Council Commissioner, 1960-1963, and as District Commissioner for the Serrano District, 1963-1969. Over the past ten years service to the Troops, Packs, and Posts of his Council and District through strong commissioner staff has been a noteworthy contribution. In addition to service in his Commissioner capacity, he was a member of the Council Executive Board and never out of touch with the boy.

He was a Scoutmaster of the 1964 National Jamboree and was selected by Region 12 to be the Scoutmaster of the troop from the Southern California area to the International Jamboree in 1968.

Building Exceeds Forecast

An expected year-end downturn in Southern California construction apparently has failed to materialize.

A look at the Southern California building index maintained by the Economic Research Department at Security Pacific National Bank shows activity to be in the neighborhood of that during the peak construction years of 1963 and 1964. The Security Pacific index readings for October of 1969 and for October of 1963, for instance, are 165.1 and 167.6, respectively (1957-59 = 100).

The bank index, however, measures construction activity in terms of dollar volume. It also includes commercial, industrial, heavy engineering and other non-residential figures with residential statistics. Closer inspection reveals considerably more difference between the building picture last October and that of six years ago.

In the residential sector, approximately 18,400 dwelling units at an average value of \$11,700 per unit were authorized, but the average value per unit was \$15,500. The decline in unit volume (30.4% or 18,400 vs. 11,800) is more than double the decline in dollar volume (15.0% or \$215.3 million vs. \$182.9 million).

Nonetheless, 1969 definitely will be the third consecutive year of improvement in Southland construction, Security Pacific reports, and advances will be registered in residential, as well as nonresidential categories.

Based on dollar volume the 1969 gain will be one of about 32 percent, from \$4.1 billion in 1968 to more than \$5.4 billion this year.

Citrus little league tells registration

Registrations for the Citrus Little League will be held on Feb. 9, 7:30 p.m. at Carnelian School. A final registration will be held on Saturday, Feb. 14, at 2 p.m. at the school.

Each boy must bring his birth certificate and be accompanied by at least one parent or guardian.

Boundaries for the league are: from the mountains south on Hellman to Arrow Highway, east to Turner south on Turner to Guasti and the freeway, then west to Archibald, north to Sixth and west on Sixth to Vineyard, north to Eighth Street, west on Eighth to Grove, north on Grove to the mountains.

Braves come up with 1st loop win

The Braves from Alta Loma gained their first Hacienda League victory, and their second of the year, by downing Royal Oak 63-52. The loss was Royal Oak's second straight in league play.

For the first time the Braves out rebounded their opponents 45-43, and forced 22 miscues on the part of Romans.

The contest was in doubt for the first half, as Alta Loma trailed 27-26 at intermission. But the Braves used a big third quarter, outscoring the Romans 24-18, to pull out the win.

Ron Gill led the Brave's attack with 22 points aided by Dennis Rempel's and Dennis Oxley's 12 points apiece.

The Braves then had to contend with the likes of Pat Partington's Ontario High. The outcome of the contest seemed doubtful for the first 16 minutes, but a strong Jaguar press proved to be too much for the smaller Braves. Ontario won 79-50.

One of the major highlights of the evening was the free throw shooting of Jaguar Doug Pearson, who connected for 13 consecutive attempts. His defensive thefts (11) and constant harassment of the Brave's guards allowed for the Jag's win.

Highlanders zero in on victory road

The Upland Highlanders have finally started on the right road. The Scots won their second straight contest after losing the first three in a row.

Upland grabbed their first victory last week against Bonita and continued to win by defeating Ganesha 76-68 last Tuesday night.

Paced by the nine-point effort of Guard Louie Engle, the Highlanders jumped to a first-quarter lead of 27-18. Engle finished the night with 17 points, winning scoring honors for his team.

Typical of their season thus far the Highlanders jumped to a fast start, tailed off, and came back strong. With three minutes left in the half the Giants came back

to tie the score, due to Upland's cold spell.

Then came the Highlander splurge and they led 58-43 going into the final stanza.

Each team placed four men in double figures with Upland's Engle, Rich Jorgensen, Frank Harris, and Leonard McDonald, while Randy Stein, Gary Fisher, Rich Sharp and Earl Davis paced the Giants.

Although completely under-matched for the Vikings of Garey High, Coach Paul Trautwein's Highlanders pulled a major upset last Friday night by not only beating Garey, but absolutely demolishing them by 21 points 84-63. The win gives Upland a three

game streak to even their record at 3-3 in SAL action.

John Bowser and Louie Engle each popped in 17 points to pace the balanced Highlander attack. Frank Harris added 12 points and fine defensive play, holding Garey top scorer, Kevin Thomas (averaging 23.1) to 10 points.

As usual, the Scots started off fast. But this time they forgot to tail off as before. They held a 19-11 first-quarter lead, and then extended it to a 43-29 margin at halftime.

For the Vikings, Dave Titus was the big man. Titus had a tremendous game on the boards with 18 rebounds and 14 points. Viking Ronnie Jordan won point-honors with 23.

Campbell, Smith top scorers

Cavaliers startle claremont by five

The slow-starting Cavaliers overcame a startled Claremont team to post a 74-69 victory to place the Montclair record in SAL action at 2-4.

Paced by a 21-point performance of Tom Smith, the Cavaliers finally led by a single point at the start of the final stanza and did not relinquish that lead for the rest of the game. The Cavaliers led by as much as ten points, but had to settle for a five-point win.

Smith was joined in double figures by Phil Williams (13), Gary Turner (12) and Gregg Campbell (10).

Claremont's Kevin McCarthy paced the Red Devils with 20 points to capture game honors.

The scoring machine of Pomona High School proved to be too much for the fighting Cavaliers of Montclair in SAL action last week.

The duo of Mike Lambert and Mike Muir consistently ripped the shorter Cavaliers as they scored 32 and 22 points respectively.

Lambert is averaging a re-

markable 30 points per game, while Muir is ripping the nets at a 20.2 points per game.

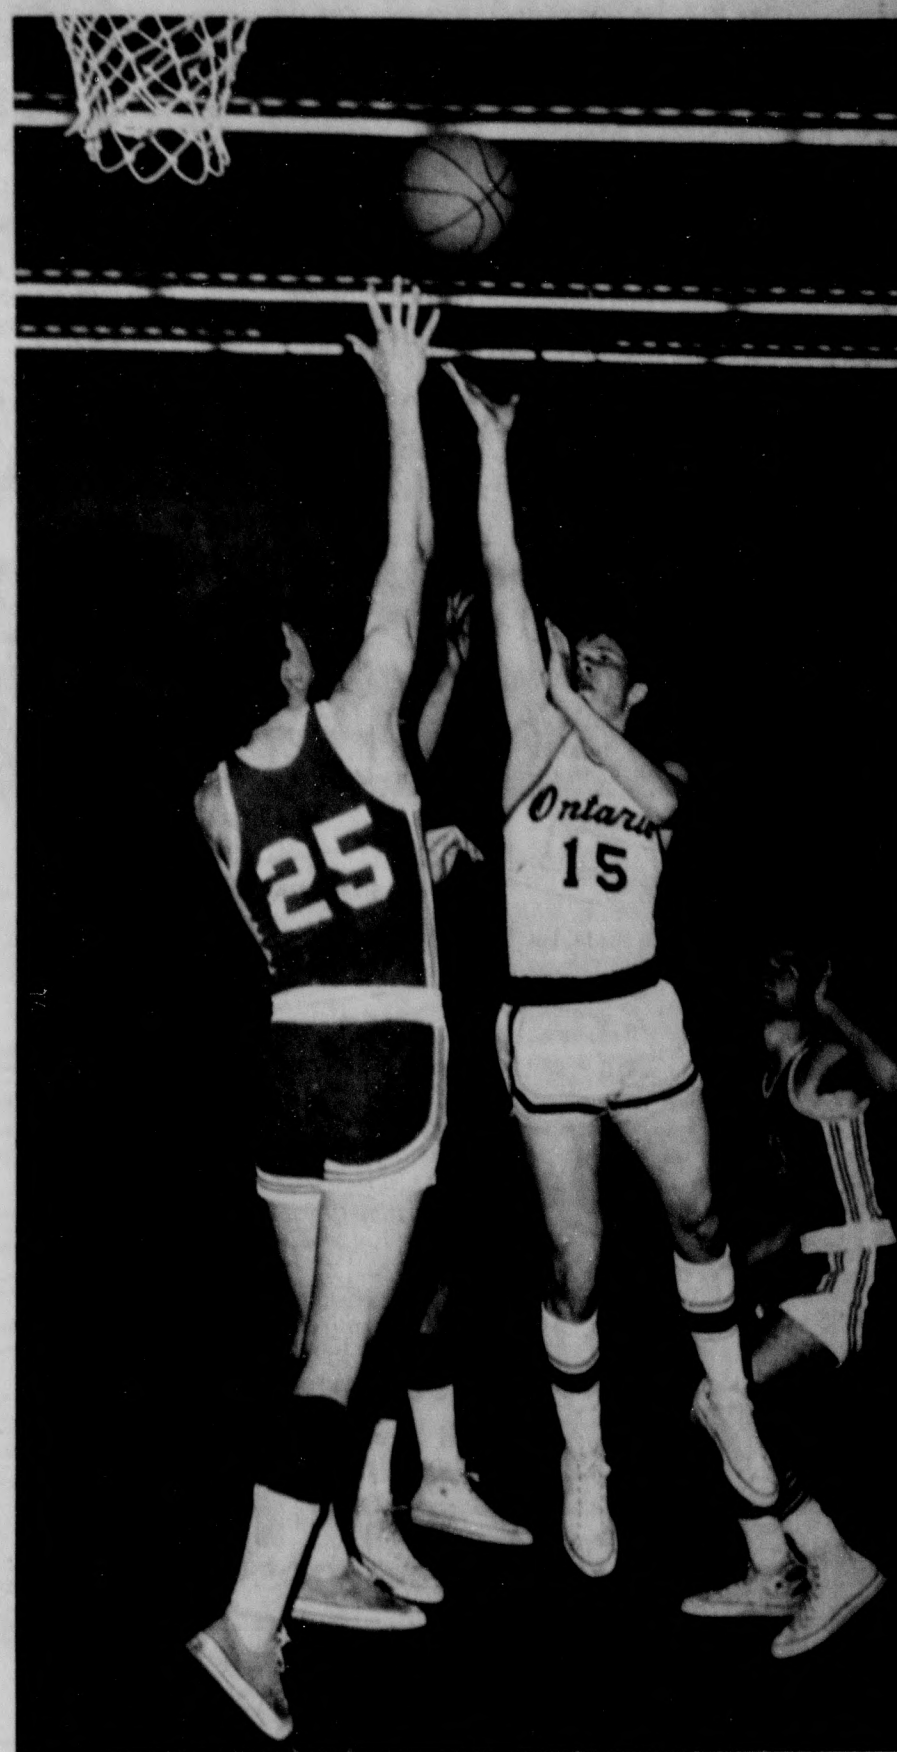

Sign up feb. 16 for american little league

Upland American Little League will hold registration for its 1970 season Monday Feb. 16, from 7 to 9 p.m. in room 17 at Citrus Elementary school.

The Upland American Little League boundaries are Foothill Boulevard on the north, Euclid Avenue on the east, the freeway on the south, and the San Bernardino county line on the west.

Boys must be accompanied by a parent and bring a certified birth certificate with them. Boys must be born on or after Aug. 1, 1957 and not later than July 31, 1961.

The Upland American Little League currently is organizing minor-league teams, too, reports Frank Giella.

WIN ONE, LOSE ONE -- Alta Loma's Ron Gill, 25, and Ray Wagner of Ontario High, scramble for ball in last week's varsity game. Braves lost to the Jags 79-50.

Medical Enlistees Sought

The days when the doctor was everything to everybody have long since passed. Advances in medicine and medical technology have made specialization a necessity.

The U.S. Army recognizes the need for these skilled individuals, people with training and background in such areas as orthotics, radiologic technology, dietetics, and vocational nursing. These are the ones who take much of the load off the physicians and contribute greatly to the patients' well-being.

Accordingly, the Army

has a new volunteer program, the Medical Skills Enlistment Option, which uses this civilian-acquired training and builds upon it. Those who qualify receive the grade and monthly pay of a corporal (E-4) (\$214.20) or sergeant (E-5) (\$254.70). In addition they receive room and board and free medical and dental care.

To enter this program, Sgt. Champoux, Army recruiter in Pomona, stated that the applicant must first have the necessary medical background, complete basic Army training, and attend an

advanced individual course, if required. The advanced course would take him to Fort Sam Houston in San Antonio, Tex., for schooling as a medical corpsman. A promotion to the grade of corporal or sergeant would follow. After two years in service, many specialists become eligible for promotion to Staff Sergeant regardless of time in grade and service.

The medical skills needed at present are: brace specialist, dental hygienist, physical therapy specialist, X-ray as-

sistant, pharmacy specialist, veterinary animal specialist, dental lab assistant, medical laboratory assistant, optional laboratory apprentice, preventive medicine specialist, dental assistant, occupational therapy assistant, clinical specialist, diet cook, and senior medical laboratory specialist.

For further information on this and any of the other special career fields open in the Army today, contact Sergeant Champoux at 622-6049 or 160 W. Third St., Pomona.

Why pay service charges?

**"Check" with Inland Bank
and write checks FREE!**

You'll save money if you keep your checking account at Inland Bank—business or personal. Because Inland now lets you write all the checks you want without a service charge as long as your minimum balance is only \$200 or more.

And even if your minimum balance goes below \$200 in a given month you'll be charged only a flat \$2 service fee, still without limit on the number of checks you write! This is the most liberal check service policy in the Pomona Valley and West End. Come in and . . .

'Disastrous' Fiscal Policy Criticized

LOS ANGELES - The president of the California Real Estate Association has called for an end to "a disastrous federal fiscal policy that is

bleeding money out of the housing market at the very time when we need housing most."

Melvin L. Mould of Long Beach, incoming head of the 50,000-member

association, outlined a seven-point attack on the shortage of mortgage money even while taking swipes at federal policy.

During a news conference at the Biltmore, he

also hinted at support of a tax reform initiative. He said the association is establishing criteria it thinks necessary for tax reform.

Booklet Can Help With Tax

Q - When will the new income tax forms be ready and are you going to mail them to taxpayers as you have in the past?

A - The new 1040 tax forms and instructions for 1969 are being mailed to some 75 million taxpayers the last week in December. The forms will also be available at local IRS offices as well as many banks and post offices in January.

All taxpayers will use the new basic one-page Form 1040, adding schedules as needed to accurately report their income and expense situation. It is estimated that over 30 million taxpayers will need just the one-page Form 1040, while another 22 million will have to prepare only one schedule.

To make it more convenient for taxpayers to prepare their 1969 returns, copies of the most used schedules have been included in the tax package. Taxpayers should use only those they need.

Q - In a divorce, who gets to claim the children as dependents?

A - Generally, the parent who has custody of the child is entitled to claim the exemption. The other parent may be entitled to the exemption depending on the wording of the divorce and on how much he or she contributes to the child's support.

These rules apply in situations where the divorced or separated parents together provide more than half the child's support and have custody for more than half the year. For more details, send a post card to your IRS district director and ask for Publication 501, Your Exemptions and Exemptions for Dependents. It's free.

Q - If I file my 1969 return by the end of January, can I forget about the fourth installment of my estimated tax?

A - You do not need to make a January 15 estimated payment if you file your 1969 return by February 2 (January 31 is a Saturday), and pay any balance due at that time. But don't forget that 1970 declarations must be filed by April 15.

Q - I have to pay Social Security tax for a cleaning woman I hired

this fall. What is the deadline?

A - The next quarterly return on Form 942 and payment are due February 2 for the calendar quarter ending December 31, 1969, if you paid her \$50 or more in wages during the quarter.

Also due by February 2 is a statement to her covering the total amount of wages paid and Social Security taxes withheld during 1969.

This statement should show your name and address as employer, her name, address and Social Security number, the total amount of wages paid, the total amount withheld for Social Security tax. The statement should also indicate that the employee's tax of 4.8 percent includes .6 percent to file

nance the cost of Hospital Insurance Benefits and 4.2 percent for old-age, survivors and disability insurance.

For your convenience, IRS has a form you can use to provide this information to household employees. Copies may be obtained by sending a post card to your District Director asking for Form SS-14.

Q - When should I be getting my W-2 statement?

The law requires employers to issue withholding statements by January 31 (February 2 is on a Saturday.) Most companies try to issue them as soon as possible after January 1 so their

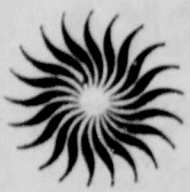

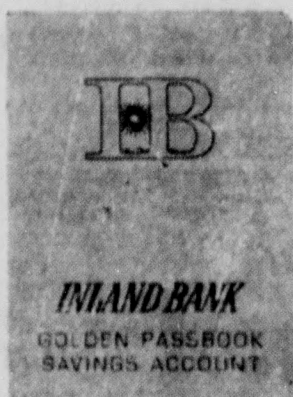

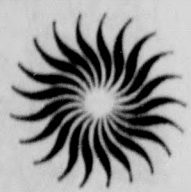

employees may file tax returns early.

Q - Is the new Farmer's Tax Guide ready yet?

A - Yes, contact your local IRS office or county extension agent for a free copy.

NOTICE INVITING BIDS ON \$885,000.00 GENERAL OBLIGATION BONDS OF BONITA UNIFIED SCHOOL DISTRICT

NOTICE IS HEREBY GIVEN that sealed proposals for the purchase of \$885,000.00 par value general obligation bonds of Bonita Unified School District of Los Angeles County, California, will be received by the Board of Supervisors of said county at the place and up to the time below specified:

TIME: February 17, 1970, at 9 a.m., Standard Time.
PLACE: Office of the Board of Supervisors, Room 383, Hall of Administration, 500 West Temple Street, Los Angeles 12, California.

MAILED BIDS: Board of Supervisors, County of Los Angeles, Room 383, Hall of Administration, 500 West Temple Street, Los Angeles 12, California.

ISSUE: \$885,000.00 consisting of 177 bonds numbered 1 to 177, both inclusive of the denomination of \$5,000 each, all dated March 1, 1970, and designated Election 1969, Series A.

MATURITIES: The bonds will mature in consecutive numerical order on March 1, in the amounts for each of the several years as follows:

Year of Maturity	Principal Amount
1971	\$ 35,000.00
1972	35,000.00
1973	35,000.00

1988	35,000.00
1989	35,000.00
1990	35,000.00
1991	35,000.00
1992	35,000.00
1993	35,000.00
1994	40,000.00
1995	40,000.00

SIGNATURES: At least one of the signatures to the bonds shall be manually affixed.

INTEREST: The bonds shall bear interest at a rate or rates to be fixed upon the sale thereof but not to exceed 7% per annum, payable annually the first year and semi-annually thereafter.

PAYMENT: Said bonds and the interest thereon are payable in lawful money of the United States at the office of the Treasurer of the County of Los Angeles, in the City of Los Angeles, State of California, or at any of the fiscal agencies of the County of Los Angeles, in the City of New York, State of New York, or in the City of Chicago, State of Illinois, at the option of the holders.

REGISTRATION: The bonds will be coupon bonds registrable only as to both principal and interest.

NOT CALLABLE: The bonds are not callable before maturity.

SECURITY: Said bonds are general obligations of said district, payable both principal and interest from ad valorem taxes which, under the laws now in force, may be levied without limitation as to rate or amount upon all of the taxable property, except certain personal property, in said district.

TERMS OF SALE

Interest Rate: The maximum rate bid may not exceed 7% per annum, payable annually the first year and semi-annually thereafter. Each rate bid must be a multiple of 1/8 or 1/20 of 1%. No bond shall bear more than one interest rate, and all bonds of the same maturity shall bear the same rate. Only one coupon will be attached to each bond for each installment of interest thereon, and bids providing for additional or supplemental coupons will be rejected. Not more than 4 interest rates may be bid. The repetition of any rate will not be considered the bidding of an additional rate. The rate on any maturity or group of maturities shall not be more than 1-1/2% higher than the interest rate on any other maturity or group of maturities.

Award: The bonds shall be sold for cash only. All bids must be for not less than all of the bonds hereby offered for sale and each bid shall state that the bidder offers par

LEGALS

and accrued interest to the date of delivery, the premium, if any, and the interest rate or rates not to exceed that specified herein, at which the bidder offers to buy said bonds. Each bidder shall state in his bid the total net interest cost in dollars and the average net interest rate determined thereby, which shall be considered informative only and not a part of the bid.

Highest Bidder: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which would be required to be paid from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the district. The purchaser must pay accrued interest, computed on a 360-day year basis, from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

Right of Rejection: The Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to the extent not prohibited by law to waive any irregularity or informality in any bid.

Prompt Award: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than twenty-six hours after the expiration of the time herein prescribed for the receipt of proposals; provided that the award may be made after the expiration of the specified time if the bidder shall not have given to said Board notice in writing of the withdrawal of such proposal.

Place of Delivery and Funds for Payment: Delivery of said Bonds will be made to the purchaser at the office of the Board of Supervisors of the County of Los Angeles in the City of Los Angeles or at such other place in the City of Los Angeles as the Clerk of the Board of Supervisors may select. Payment for said Bonds shall be made in certified Federal Reserve Bank Funds. If the purchaser so requests, within 7 days from the date of sale, and deposits with the Board of Supervisors enough money to cover all of the expenses thereof, delivery of said Bonds will be made at the office of a fiscal agent for the County of Los Angeles in New York, New York, or Chicago, Illinois, against payment therefor in certified Federal Reserve Bank Funds in Los Angeles, California. Any expense for making certified Federal Reserve Bank Funds available in Los Angeles, whether by transferring Federal funds or otherwise, shall be borne by the purchasers.

Prompt Delivery, Cancellation for Late Delivery: It is expected that said bonds will be delivered to the successful bidder within 30 days from the date of sale thereof. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the district shall fail to execute the bonds and tender them for delivery within 60 days from the date of the sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid.

Form of Bid: Each bid, together with the bid check, must be in a sealed envelope, addressed to Board of Supervisors of Los Angeles County, with the envelope and bid clearly marked "Proposal for Bonita Unified School District Bonds."

Bid Check: A certified or cashier's check on a responsible bank or trust company in the amount of 3% of the principal amount of the bonds, payable to the order of the County Treasurer, must accompany each proposal as a guaranty that the bidder, if successful, will accept and pay for said bonds in accordance with the terms of his bid. The proceeds of the check accompanying any accepted proposal shall be applied on the purchase price or, if such proposal is accepted but not performed, unless such failure of performance shall be caused by any act or omission of the district, shall then be retained by the County Treasurer for the benefit of the district. The check accompanying each unaccepted proposal will be returned promptly.

Change in Tax Exempt Status: At any time before the bonds are tendered for delivery the successful bidder may disaffirm and withdraw the proposal if the interest received by private holders from bonds of the same type and character shall be declared to be taxable income under present federal income tax laws, either by a ruling of the Bureau of Internal Revenue or by a decision of any federal court, or shall be declared taxable by the terms of any federal income tax law enacted subsequent to the date of this notice.

No Litigation Certificate: At the time of payment for and delivery of said bonds the district will furnish the successful bidder a certificate that there is no litigation pending affecting the validity of the bonds.

Legal Opinion: A copy of the legal opinion of the attorney or firm of attorneys designated by the purchaser to give

LEGALS

such opinion certified by the Clerk of the Board of Supervisors, or by his deputy, by his facsimile signature will be printed on the back of each bond at the expense of the successful bidder if requested in his bid.

Information Concerning the District: Bonita Unified School District has been acting as a unified school district under the laws of the State of California continuously for some purposes since unified by election December 10, 1957, unified for all purposes July 1, 1958. It is composed of the following school districts which have been acting as a school district under the laws of the State of California continuously as follows -- LaVerne City School District since September 4, 1906, LaVerne Heights School District since June 3, 1884, San Dimas School District since February 26, 1890, comprising Bonita Union School District acting since August 15, 1903.

The percentage of tax delinquency for Bonita Unified School District for the last five years is as follows:

1963-64	3.87%
1964-65	5.47%
1965-66	5.04%
1966-67	7.26%
1967-68	4.52%

Bonita Unified School District includes an area of approximately 38.22 square miles, and the estimated population of said unified school district is 22,346.

Given by order of the Board of Supervisors of Los Angeles County adopted January 20, 1970.

Smog Bills Praised

Assembly Majority Floor Leader Craig Biddle (R-Riverside) has praised Assemblyman Pete Schabarum, Chairman of the Assembly Transportation Committee's Air Pollution Subcommittee, for moving quickly on the comprehensive package of anti-smog bills introduced by the Schabarum Subcommittee Tuesday.

"I am very impressed with the anti-smog program developed by the Schabarum Subcommittee. This program reflects many hours of hard work, and demonstrates Assemblyman Schabarum's leadership in this vital area," Biddle said.

"When the people of Los Angeles are breathing clean air in the years to come, they'll owe a debt to Pete Schabarum," Biddle said.

Biddle himself is the author of an anti-smog package (AB-1 and ACA-8). "I am particularly pleased," said Biddle, "that the various anti-smog proposals complement each other so well. This diversity of approaches speaks well for the legislative process. If we can continue our

frontal attack on smog throughout the session, I think the people will benefit greatly."

Courts Uphold Implied Consent

A woman contested a six-month "implied consent law" suspension of her driver's license by the Department of Motor Vehicles. She had refused to permit a test of her sobriety after the car she was driving erratically was stopped by a police officer.

Her defense: she had been too drunk to understand the consequences of refusing the test.

To her—and to many others—losing one's driving privilege for six months was apparently a fate more to be feared than a drunk driving conviction. Why not?

If a person is found guilty of driving while "under the influence" a judge has an option of imposing a jail term, a fine, or simply probation. DMV officials have no choice under the law.

They must suspend for six months anyone's driving privilege after getting a peace officer's sworn statement that the person was arrested on suspicion of driving "under the influence" and that the person refused to allow an alcohol test of either his blood, breath or urine.

The law gets its name from the assumption that, when a motorist drives a car on the highway, he implies consent to the blood alcohol tests.

The defendant can ask for a hearing, but it can deal only with the facts at the time of arrest—not with extenuating circumstances. Whether one was too intoxicated to understand instructions or not intoxicated at all is entirely beside the point at such a hearing.

That anyone should refuse the test if he were convinced he wasn't drunk is, of course, unlikely. The tests have shown in many cases that the person was not under the influence of alcohol.

One of California's newest laws spells out the "presumptive drunk" concentration of alcohol in the blood as one tenth of one per cent while the level of non-intoxication is presumed to be half that quantity.

A social drinker could be on his way home from a party well below the intoxication level, depending on his physique as well as how much and when he had eaten and imbibed.

Generally speaking, it's the person who has had too many drinks and knows it who refuses a test when it's offered. The consequences of his refusal may not really sink in until he has sobered up.

Until the possibility stares them in the face, many persons don't face up to the implications of getting along without wheels for six months, it's too late then.

To anyone who drives a car or a truck for a living, a six-month suspension comes close to total disaster.

A string of court cases stretches back to October 1966, when the implied consent law went on the books.

Attorneys have shown enormous ingenuity—and their clients have spent huge sums—in their efforts to evade the disabling sentence: "Don't get behind a steering wheel for half a year."

Since the inception of the law, motorists upright against a DMV license suspension have taken the department to court 734 times. In 153 of these cases, the courts overruled the department. In 411 cases the department's action was upheld. The balance are still pending.

Repeives have been won on technicalities and specific circumstances. But the law has emerged from the courts intact. It is constitutional. It is a valid exercise of police power when properly enforced.

Being "too drunk to refuse" a test, or "too drunk to understand instructions" have been thrown out by the courts as defenses against suspension under the law. One by one, most other challenges to the law have been struck down. A drunk driving suspect cannot, for example, insist on calling his doctor or attorney before taking one of the required tests.

When he is warned that anything he says may be held against him, he must also be told that the right against self-incrimina-

tion does not extend to the right to refuse the test. (He may not refuse to be fingerprinted, either.)

The suspect cannot insist on taking all three tests or none. (He may elect which one to take and may then take the other two at his own expense.) The suspect who refuses to submit to a test but changes his mind later is also out of luck.

Since the law has been on the books, peace officers have filed 37,576 "implied consent law"

statements with the Department of Motor Vehicles. These have resulted in 32,069 suspensions from driving.

These figures might lead someone into thinking the odds are 5,507 in 37,576 to escape suspension. Not really.

At earlier stages of enforcement, police and DMV unfamiliarity with proper procedures in making the law stick resulted in many of these forfeitures.

But now that most of the defense gambits have

been tested in court, and enforcement techniques have been purged of technical errors, the odds for escaping a suspension have decreased.

Between Jan. 1 and Dec. 20, 1969, DMV issued suspensions to more than 10,000 drivers who had been identified by police, highway patrol and others as having refused to take inebriation tests.

That's an average of 200 suspensions a week. If you've been drinking, take a cab—or be ready to take the test.

How to Quiet Jets Is Research Topic

LOS ANGELES-- The problem of jet noise abatement will be the subject of basic research by the University of Southern California's School of Engineering, which has just received a \$529,000 three-year grant from the U. S. Department of Transportation.

Principal investigator for the research program will be Dr. John Laufer of Altadena, chairman of USC's Department of Aerospace Engineering. "The basic mechanism of noise generation by turbulent jets is still not understood, although a considerable amount of experimental data has been obtained on specific designs," Dr. Laufer said.

Elements to be considered in the USC research program will include upstream flow conditions, jet temperatures, and the effect of concentric nozzles in jet engines.

Women Internationally Enjoy New Pat Walker Figures

—Mrs. S. Froman, Northridge.

Mrs. Froman said, "With the Pat Walker program pounds and inches have disappeared especially from areas where I had trouble reducing in the past."

Mrs. Froman reduced 3½ inches from her bust, 5 inches from her underbust, 6¼ inches from her waist, 8½ inches from her abdomen, 7½ inches from her hips, 5 inches from each thigh and 3½ inches from each upper arm.

Mrs. Froman reduced from a 15½ pound size 15 to 115 pound size 7.

—Mrs. Pauline G. Morton, Orange County

I never thought I would ever see the day that I would be one of the women I've read about in the Pat Walker advertisements. It was a wonderful experience that I shall never forget. I must admit that I never really believed the advertisements until now, and I can say that the Pat Walker Figure Perfection Salons' advertisements are for real.

Now that my dream of being slim is no longer a dream, I hope my being in the "Before and After" advertisement will help other women to realize that with the Pat Walker reducing program, dreams do come true.

—Mrs. Ira C. MacDonald, Long Beach

The morning I stepped on the scales to check my weight, it was a shock to see the dial stop at 216 lbs. Enough of a shock to bring me to my senses and decide to do something about my weight NOW, not LATER.

I decided, then was the time for professional help. I had been reading your advertisements for several months, and was hopeful that you could do for me what you had done for so many other overweight women.

My weight is down to 146 lbs. and last week I bought a size 14½ dress instead of a size 24½.

—Mrs. Marilyn Hamman, Pasadena Salon

For the last seventeen years or so I've had a problem taking off inches and shedding weight.

As a result nothing would be permanent. Dieting splurges result in only temporary weight loss, so I knew I had to do something which would be satisfying and permanent.

The Pat Walker Program of reducing is so relaxing and sensible. Reducing is made easier than ever.

I fully recommend this program for any woman that would like to be down to her perfect dress size.

—Mrs. Pat Hanson, Reseda

It's been just great! Your new computer program is marvelous because you take your treatments in the privacy of individual rooms without being disturbed until your treatment is completed.

I can tell you that my husband is really proud of me! He is always complimenting me now, which he never did before and I really can't blame him for not doing so in the past.

Although I am only 5 feet, 2 inches, I was 136 lbs. and wore a tight size 12. Now I wear a loose size 5 and am still slimming down. Thanks so much, Pat Walker, for your marvelous program. I couldn't have done it without your help!

—Mrs. Doris Fernandez, Los Angeles

Sympathetic with my unsuccessful attempts to lose weight on my own, my husband finally told me, "Go see if Pat Walker can back up all that advertising!"

It was a case of buying a whole new wardrobe, size 18, or reducing to buy me back into my size 16's. And maybe, if I was real lucky, into a couple of 14's I had so hopefully clung to.

That part didn't quite work out. I quickly bypassed the 16's and the 14's had to be greatly altered and I still have to buy a whole new wardrobe, now size 12.

—Mrs. Lynn Hays, Orange County

I had a successful career in Real Estate until surgery stopped me.

After surgery and months of convalescence with little exercise, my weight was out of control. I tried many reducing methods and all were very unsatisfactory.

Within two weeks improvement was certain with the Pat Walker Reducing Program. Results were steady and my general health and circulation improved.

I reduced from a 169-pound size 18½ to a 121-pound size 10. This business world is much easier to face in a trim dress size.

Pat Walker Salons Stretch Half-Way Round the World

from an article
by a California
Fashion Editor

The story of Pat Walker's success if measured on an international scale, figuring in headlines from the world to Down Under.

RESHAPES WORLD

One U.S. columnist recently wrote: "She's out to reshape the world with her revolutionary computerized program" ... a metropolitan newspaper in Australia identifies her editorially as "the world's foremost reducing authority" ... a celebrated entertainer in Hawaii refers to her as "the skinny maker" ... and a British opera singer, who flew from London to take

treatments at the Pat Walker salon in Sydney, Australia, is still singing her praises. The singer had been told that before she could audition for an important role on the London stage she would have to lose weight — a great deal of weight. She did — and won the role.

OVER 5 MILLION SUCCESS STORIES

Already the 5-foot-3, 101-pound Irish human dynamo has pared down and redistributed the dimensions of more than five million women in her fast-growing chain of reducing salons.

Coming from all walks of

life, her patrons have ranged in age from 7 to 94. Some have lost more than 100 pounds. Among them have been celebrities and sales clerks, models and machine operators, professional women and waitresses, airline stewardesses, housewives, teenagers and grandmothers.

NEW COMPUTERIZED EQUIPMENT

All salons are equipped with the firm's new all-computerized units and photometric measuring which take all the guesswork out of reducing and figure correction. The precision equipment was

developed and researched by the Pat Walker Company. There is no other equipment and reducing program like it anywhere in the world, she notes with authority. "Ours is the only reducing equipment in existence that has been scientifically researched and developed."

INDIVIDUAL PROGRAMMING

What makes the BIG difference is that each woman's figure correction is programmed individually ("no two women are alike") to correct HER specific figure faults: dowager hump, large hips and thighs, protruding abdomen, thickening shoulders, flabby tissues ... whatever.

What are the most common faults? Hips and thighs.

The ideal female dimensions: "There are none," says Miss Walker. "Ideal measurements are purely personal — depending on bone structure, height and weight distribution. A woman can weigh 125 pounds and have a perfect figure — one that is right for her. On the other hand, 110 pounds and 36-24-34 dimensions can add up to a bad figure if they're not ideal for the woman wearing them."

(How unlucky can a gal be!)

"It's utterly unrealistic," the world-renowned figure expert contends. "If a woman has a size 10, 12 or size 14 bone structure, that is her perfect size. After all beauty contests are judged on perfect proportions — not on size. It's as simple as that. We reduce women to their bone structure and perfect dress size."

AUSTRALIAN JOURNALIST INTERVIEWS PAT WALKER

by Del Cartwright
Sydney's TV Personality,
Journalist and Lecturer

Question: Are Australian women harder or easier to reduce than American women?

Answer: There is no difference ... women are women the world over and their figure problems are the same.

Question: How does your reducing program compare to your competition in America?

Answer: We really have no competition in America. Mostly the reducing field is cluttered with individually owned or franchised salons, using out-dated, obsolete equipment and methods. And of course, there are the gym-operations where the women do physical workouts ... and I have never considered any as competition.

Question: Miss Walker, I understand that your brother, J. Milton Patrick is the new National Commander of the American Legion. You must be very proud of him.

Question: Yes, I am very proud of my brother ... we have always been very close. He was with us in Los Angeles for New Years and was in the Rose Parade in Pasadena.

Question: What are the ages of your patrons?

Answer: A very wide range of ages ... from 8 to over 80!

Question: How much can a woman lose with your program?

Answer: That depends on how much she needs to lose. If she is terribly overweight, she loses a lot ... if her problems are minor, her loss is according to her needs.

Question: It has always been a fear to most women that reducing will make her look older ... drawn and haggard.

Answer: Many methods of reducing will cause a woman to look older ... strenuous diets, pills, etc. ...

Here you see Pat Walker, the Reducing Authority International, with Del Cartwright, Sydney's TV Personality, Journalist and Lecturer, in Pat Walker's luxurious salon in Sydney, Australia.

But not with our program! She looks younger and feels younger, too!

Question: What would you say to a woman who comes to you after she has bought or tried every kind of reducing and home device and none have worked for her?

Answer: I would admire her for having had the intelligence to recognize the fact that she had figure problems and tried to do something about them. They make wonderful Pat Walker patrons because they truly appreciate the fact that at last their reducing battle is over.

Question: How does the average man feel about reducing?

Answer: Many think a woman can just stop eating to reduce ... or work out with bar-bells ... or merely exercise. But then, there are more men now that know that a woman needs specialized help ... It's a smart man who encourages his wife to reduce, because he shares her

pride and enjoys her new outlook on life!

Question: How many women would you estimate (both here and in America) have Pat Walker figures?

Answer: Through the years, well over 5 million!

Question: When a woman reduces with your program and loses a lot of weight, does she become flabby?

Answer: Definitely not! Firming and toning are important parts of our program.

Question: Haven't you just introduced a new method for body measurement?

Answer: Yes. For years we have used tape measures. Now women will see what their faults are and visually view the corrections. This specially developed technique, exclusive with our company, photometrically records the progress of an individual and graphically compares the results.

Question: I understand that there is also a Pat Walker Manufacturing Co. in Los Angeles.

Answer: We have our own manufacturing company where we manufacture our computerized reducing unit. That in itself is quite a project. Our unit is the only one of its kind in the world. Over fourteen years of research and development and well over one-half million dollars went into the design and engineering of our unit.

Question: We have had gyms and Reducing Companies in Australia that were really pathetic. They promised everything and produced practically nothing.

Answer: Well, you aren't alone, Miss Cartwright, because America has had her share, too. In fact, some still exist.

—Mrs. Flora B. Landers, Pasadena

I had gained so much weight that I had to wear a size 16 dress and became much too heavy for my build and felt so matronly.

I now wear a size 10 dress and have just remarried and have a very admiring husband.

We spent our honeymoon in Hawaii where I really enjoyed wearing a bathing suit again. I can't say enough for the Pat Walker Program.

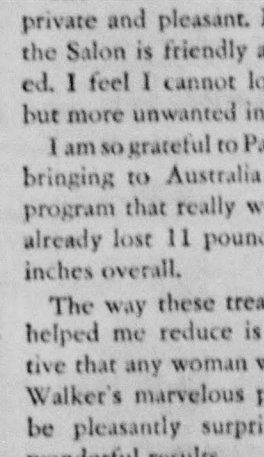

—Miss Dorothy Rooney, Cremorne, Australia

The Pat Walker treatment is so private and pleasant. Everyone at the Salon is friendly and interested. I feel I cannot lose anything but more unwanted inches.

I am so grateful to Pat Walker for bringing to Australia a reducing program that really works. I have already lost 11 pounds and 22½ inches overall.

The way these treatments have helped me reduce is proof positive that any woman who uses Pat Walker's marvelous program will be pleasantly surprised by the wonderful results.

—Mrs. Ethel Moak, Long Beach

I would like to say that the most thrilling moment of my life was the day I walked into Pat Walker's Reducing Salon and heard the words I had wanted to hear, that I could and would have a slim, youthful figure again.

I was 35 inches around my waist. I would shun scales, also when I passed a mirror I would look the other way.

My dress size at the start was size 18. Now I wear size 12. I can say now, I'm one of the happiest women in the world.

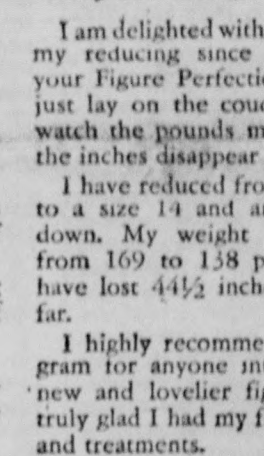

—Mary Van Hooser, Lakewood

I am delighted with the results of my reducing since I started at your Figure Perfection Salon. To just lay on the couch, relax and watch the pounds melt away and the inches disappear is sheer joy.

I have reduced from a size 18½ to a size 14 and am still going down. My weight has changed from 169 to 138 pounds and I have lost 44½ inches overall so far.

I highly recommend your program for anyone interested in a new and lovelier figure and am truly glad I had my figure analysis and treatments.

—Mrs. Jeanne Crawford, Whittier

Mrs. Jeanne Crawford, of Whittier, was a 205-pound size 24½. Mrs. Crawford was born in Paris and was an Opera singer.

When she got married she weighed 103 pounds, but over the years she became excessively overweight. When being photographed she used her Poodle to try to hide her bulky figure.

In the photograph with Miss Pat Walker Mrs. Crawford is wearing a size 14 dress and she is still going down.

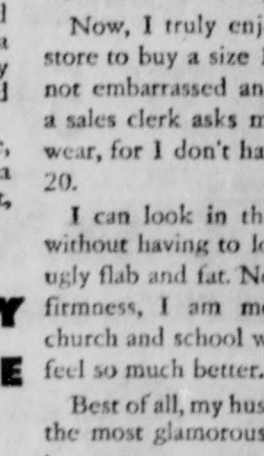

—Mrs. Bernice Ashby, Lakewood

Now, I truly enjoy going in a store to buy a size 12 dress. I am not embarrassed any more when a sales clerk asks me what size I wear, for I don't have to say size 20.

I can look in the mirror now without having to look at rolls of ugly flab and fat. Now, I see only firmness, I am more active in church and school work because I feel so much better.

Best of all, my husband says I am the most glamorous grandmother in town.

—Mrs. Dorothy Foust, Reseda

Over the years Mrs. Dorothy Foust had tried all kinds of diet, diet pills, and exercises only to lose 10 or 15 pounds and gain it right back. For months her husband had encouraged her to come to us to see if we could help her, but she found many excuses for not coming.

However, when the scale went to 205 pounds, she decided she was desperate and would have to call us, which she did.

Her husband tells her she is "a new you" and her children "tease her and call her 'skinny.'" She says it is music to her ears.

Savings insured to \$20,000.00 by an Act of Congress.

Upland Savings pays the maximum interest on insured savings. No other insured financial institution in America can offer you higher interest or more insurance, because all insured financial institutions' interest and insurance are regulated by governmental regulations.

Upland Savings is a part of America's insured savings system whose total assets exceed \$150,000,000,000.00

(150 billion dollars) and where, throughout America, over 44,000,000 (44 million) savers save.

As a savings counselor, we suggest you look at more than the *stated rate of yield* of investments. If you had needed to "cash-in" your investment before maturity this past year, you would sustain substantial losses. In 1969 only Upland Savings would have returned your investment plus high earnings.

You too, can benefit by saving with us.

NOTICE INVITING BIDS
For City of Upland Gas Tax Project No. 236, the installation of Traffic Signal and Safety Lighting Systems at the intersection of Mountain Ave. and Eighth Street and the modification of Traffic Signal Systems at the intersections of Mountain Ave. and Seventh Street, Mountain Ave. and Ninth Street, and Mountain Ave. and Arrow Highway, including the installation of a solid-state traffic actuated signal system with safety lighting included at Mountain Ave. and Eighth Street; the installation of additional inductive loop vehicle detectors at Mountain Ave. and Seventh St.; and the installation of additional inductive loop vehicle detectors, converting the existing "semi-actuated" traffic signal systems to systems actuated on both phases at Mountain Ave. and Ninth St., and Mountain Ave. and Arrow Highway.

NOTICE IS HEREBY GIVEN that sealed bids will be received in the office of the Purchasing Agent of the City of Upland, California, up to 2:00 P.M. on February 11, 1970, at which time they will be taken to the Council Chambers and publicly opened by the City Manager, for Gas Tax Project No. 236, the installation of Traffic Signal and Safety Lighting Systems at the intersection of Mountain Ave. and Eighth Street and the modification of Traffic Signal Systems at the intersections of Mountain Ave. and Seventh Street, Mountain Ave. and Ninth Street, and Mountain Ave. and Arrow Highway, in accordance with the Plans, Specifications, and other Contract Documents on file in the office of the City Engineer of said City, to which Plans, Specifications, Standards, and Documents bidders are referred to for further information.

The Plans and Contract Documents may be obtained at the office of the Purchasing Agent, at the City Hall, 177 "D" Street, Upland, California, upon payment of Two Dollars (\$2.00) for each set, which amount will not be refundable. Standard Specifications for Public Works Improvements books may be purchased at the office of the City Engineer at a charge of Five Dollars (\$5.00) for each book.

Each proposal must be accompanied by cash, certified check, cashier's check, or surety bid bond in the amount of not less than ten per cent (10%) of the estimated aggregate amount of the bid as a guarantee that the bidder, if successful, will promptly execute a contract in the required form and furnish a satisfactory faithful performance bond and material and labor bond. Each of said bonds shall be in the amount of one hundred per cent (100%) of the contract price.

Pursuant to the provisions of the Labor Code of the State of California, not less than the general prevailing rate of per diem wages and not less than the general prevailing rate of per diem wages for legal holidays and overtime work, for each craft or type of workman needed to execute the work contemplated under the agreement, as ascertained by and set forth in Resolution No. 2181 adopted by the Upland City Council, shall be paid to all workmen employed on said work by the Contractor or by the subcontractors doing, or contracting to do, any part of said work.

Bids must be returned to the office of the Purchasing Agent enclosed within a sealed envelope with the words, "Bid - Gas Tax Project No. 236" plainly marked on the outside of the envelope. The right is reserved to reject any and all bids which the City Council may deem not to be to the best interest of the City and also the right to waive any informalities in a bid, and the right to award the contract for the above described work within 30 days thereafter. Work of construction shall begin within 10 days after the date of receipt of materials and equipment and shall be completed within 168 calendar days after the date of the contract. Further information will be furnished and detailed plans and specifications of the proposed work may be inspected at the office of the City Engineer of the City of Upland. Proposal blanks and copies of the Plans and Specifications may be obtained from the Purchasing Agent.

Admitted To Campus Afloat Program At Chapman College

SAN DIMAS - Robert Ferguson, son of Mr. and Mrs. James R. Ferguson, 1630 Covina Blvd., San Dimas, has been admitted to the World Campus Afloat program of Chapman College for the spring 1970 semester at sea.

Ferguson will join 500 other college students representing 200 colleges and universities in nearly all the 50 states on February 3 to board the S.S. RYN-DAM in Los Angeles Harbor for the study-voyage to ports in the Orient, India, Africa and Europe.

Students carry a regular semester's units on the shipboard campus. They attend classes six days a week at sea on the vessel which is equipped with classrooms, laboratories, library, art studio and student union.

Ashore the academic program continues with pre-arranged lectures, seminars and field trips directly related to course work. Overnight home-stays with families often are arranged, as are social events with local university students.

Robert Ferguson

Now in its fifth year, World Campus Afloat is administered by Chapman College, one of California's oldest liberal arts institutions, located in Orange, California, near Los Angeles.

College Students Start Marathon Bike Trip

LAVERNE - Five LaVerne College students left January 3 on a marathon bicycle ride that will take them from San Diego to Sacramento.

The 800 mile ride is part of LaVerne College's new inter-term program. Under the new educational program at the college students can design their own learning experiences for the month of January.

The students will travel up the California coast on bicycle and stop at 21 of the early California missions. They will follow the El Camino Real route and study the art and history of the missions for regular college credit.

Arrangements have been made at American Youth Hotels and at the missions for sleeping accommodations, they will eat in restaurants along the way. Dan Stauffacher, who has largely been responsible for the trip, said they will stop every four or five days at a hotel to freshen up and rest.

Riding ten speed bicycles, they plan to travel light - each person is allowed three sets of clothes and only the necessities. This rule goes for the three women that are going along too. Back packs will replace suit cases and the common traveling conveniences will be virtually unknown to them.

Their journey began at the Mission San Diego.

Stauffacher, who is a 21-year-old senior, said the students have been conditioning for the

past few months and will be in top shape for the trip. He said they will travel an average of 50 miles a day. "We're praying for dry weather," Dan laughed.

Once they reach Mission San Rafael they will go on to Sacramento where they will rent a truck to carry themselves and their bikes back to LaVerne.

In addition to Stauffacher, the following students are going: Stephanie Balogh, a freshman; Erwin Stempenski, a sophomore; Sharon Stickels, a sophomore; and Jan Himmelman, freshman.
